

# Are you a carer wanting to get back into work?

We offer free vocational support  
planning sessions and employment  
services for unpaid carers.

**Your Caring Way**

*Your new future...*

## Your future, your way.

**Plan** - A Vocational Support Planner will work with you to create your personalised goals plan based on your aspirations, dreams and current caring responsibilities.

**Grow** - Gain the skills you need through a range of training and upskilling options.

**Achieve** - Whether it's employment, volunteering, or even further study, we will help you to live your best life.

# Your new future begins today...

You might feel like you have to choose between yourself and your caring role.

You might feel like you don't have time to follow any of your own individual dreams and goals.

We can help you discover what doing both might look like for you.

## We are here for you.

Your Caring Way is a uniquely funded program here at Carers Queensland, where we have the privilege of connecting with unpaid carers to help them achieve their personal vocational goals outside of their caring role.

We're here to listen, assist in learning, and create a personalised step-by-step goals plan with you to achieve your ambitions.

***"What worked for me was the understanding of my needs and me as a carer."***

## Connect with us.

We want to inspire positive change by connecting people to real opportunities.

Connect with us today and let us inspire you!
